Profile

I am a self-motivated and passionate developer with three years of experience in web development. Equipped with multiple skill sets, I am proficient in HTML, CSS, JavaScript, and JavaScript framework such as React. As a developer, I am highly skilled in writing clean and reusable code, and as a designer, I specialize in creating pixel-perfect designs that are both functional and aesthetically pleasing. I have experience in creating user interfaces. In my previous roles, I have successfully delivered several projects that improved the overall user experience and increased website traffic. I am excited to bring my skills and experience to a new challenge!

Certificates

**Certification on Cloud Computing by IIT
Kharagpur** 

The program is designed to provide participants with comprehensive knowledge and practical skills required to design, deploy, and manage cloud-based solutions. Through this certification program, I have gained a deep understanding of various cloud computing models, including Infrastructure as a Service (IaaS), Platform as a Service (PaaS), and Software as a Service (SaaS).

Certification on Digital Marketing by Google 
Through this program, I have expanded my knowledge in digital marketing, including search engine optimization (SEO), search engine marketing (SEM), social media marketing, mobile marketing, email marketing, and analytics.
